

Jamboree Beans

Music and words by Peter Hall

Boys, girls, elders and teens
Let me tell you all about Jamboree Beans
It's a rockin' little place with music machines
And it's absolutely free

Girls, boys, Kings and Queens
Are jitterbug dancin' at Jamboree Beans
You'd have to go far to find crazier scenes
And you really ought to come and see

(chorus)
They got good, good music, to get you in the mood
Don't just sit reading magazines
Wind your way down to Jamboree Beans
You've just got time before it re-convenes
So you'd better come along with me

Solo (2 verses)

Yeah yeah yeah
Chorus

Just slip on any top and jeans
Join Jo and Jimmy jumpin' at Jamboree Beans
Oh there aint no law that it contravenes
Why don't you come along and see

I know you got tellies with massive screens
But everything's swingin' at Jamboree Beans
You dont see tuxes or limousines
And there ain't a better place to be

Your mama and your dad gave you happy genes
So you have to have fun down at Jamouree Beans
The coolest sounds and the hot cuisines
Why don't you come along with me

Chorus

Just slip on any top and jeans
Get yourself down to Jamboree Beans
You know there aint a single law it contravenes
And it's absolutely free
So get down to Jamboree Beans
